MISSION

The mission of the University of Nebraska—Lincoln (UNL) DS is to provide a safe and inviting atmosphere, healthful meal choices and quality service in an environment that promotes the diversity, growth and education of our students, faculty, staff and guests.
PAYROLL INFORMATION

• Additional forms may be needed, depending on employment status and country of citizenship.
• Hourly employees are paid on a biweekly schedule every other Thursday. Payroll is processed two weeks in arrears. Refer to the handout provided by University Housing Payroll to determine when you will receive your first paycheck or contact a member of the dining services administrative team for a list of dates. You can log-in to firefly at https://firefly.nebraska.edu to view your paycheck.
• Students should work with the department manager for a return visit to the housing payroll on-boarding. A username and password will be created at this time that will provide access to firefly and other UNL accounts.
• UNL offers two methods of payroll payment; direct deposit or debit card payment through US Bank Focus Card.
• Report address, email and phone number changes promptly to your supervisor and the dining secretary. NOTE: Your W-2 will be mailed to the permanent address on file on January 10th.
• Update your manager with any changes to your student status (i.e., no longer taking classes, not enrolled, etc.).
• Continued employment with DS is not automatically renewed each semester. Inform your manager of your interest in working additional semesters, including the summer.

HUSKER GROW

A unique university program where all Dining Services student employees engage in structured conversations to help the student connect job experiences with academic learning. The conversations focus on four key questions about what students are learning and how they are applying their learning as follows:
• How is this job fitting in with your academics?
• What are you learning here that’s helping you in school?
• What are you learning in class that you can supply here at work?
• Can you give me a couple examples of things you’ve learned here that you think you’ll use in your chosen profession?

TIME CLOCK PROCEDURES

• Ensure you clock in under the correct position.
• Notify a manager to have your time corrected if you fail to clock in/out or the time clock/your NCard (timecard) is not working. Time sheets must accurately represent the number of hours you work each day.
• Under no circumstances may you use the clock to record another employee’s time. Failure to follow this rule subjects you to disciplinary action.
• Employees are expected to clock in and out at the assigned time. Disciplinary action may be taken for unexcused tardiness.
• All overtime must be approved, in advance, by a manager.
• Employees are required to clock out and back in for meal breaks. Per University Housing policy, a complete 30-minute, unpaid break must be taken within six hours from the beginning of your shift. If working a four-hour shift, a 15-minute break is given. Contact your immediate supervisor to determine the best time for a break.
• You must get permission from your manager or another member of the management team if you must leave the unit during your shift. Clock out when you leave the building; clock back in upon returning and be ready to work.
• You must review for accuracy and sign your timesheet and Period Totals Report at the end of each pay period.
• If you have questions about your pay advice, please check with your manager.
• International students can work a maximum of 20 hours per week. If this regulation applies to you, it is your responsibility that you abide by it. If someone asks you to sub for them or work extra hours and you will go over 20 hours, you must say no.
• You may check your current hours worked using the EmpCenter website (http://housingsite.unl.edu/) and you will need your Blackboard/MyUNL.edu login information to access the website.
• Do not clock out until your assigned duties are completed. Check with your supervisor before leaving.
• If you finish your tasks early, you will be expected to help out wherever needed. “Spare time” should be spent productively, assisting your co-workers. If work is slow, you may be asked to clock out.

WAGES AND RAISES

Hourly rates are established by position and location. All student employees are paid in one of the following classifications:
• Student Dining Service Workers (includes work on serving lines, salad and vegetable preparation, dessert and cooking areas, dining rooms, dish rooms, retail operations, catering, cashiering, and offices)
• Dining Service and Dining Service Retail Student Employee
• Dining Service Student Supervisor and Dining Service Student Manager
• Dining Service Office Assistant
• Dining Retail Student Manager

For current wage rates, please see the employment page on the housing website: http://go.unl.edu/y8q4
**PROMOTION**

Many DS units employ student supervisors and student managers. These positions offer an opportunity to advance, participate in management and supervise other student employees.

Job openings will be posted within each unit. Applications are accepted, interviews are conducted and the selection is made. Contact your manager for specific information regarding student supervisor or student manager positions.

**ATTENDANCE**

You and the job you do are important to maintain a quality food service organization. You are expected to be at work on time according to your schedule. You are expected to be in uniform, clocked in and at your designated station at the assigned time.

- If you have cause to be absent, it is your responsibility to find a substitute. Your substitute slip must be approved by the manager a minimum of 48 hours in advance of your absence. Continual use of substitutes is discouraged.
- Verbal agreements for substitutes are not permitted. Any substitute who does not fulfill a work agreement will receive an unexcused absence slip.
- Requests to report late for work or to leave early should not be made, except in extreme emergencies, unless a substitute is available.
- If you must change your schedule for ANY reason, speak to your supervisor to obtain permission.
- Call the KITCHEN OFFICE (at least two hours before the shift start) when you cannot come to work for any reason. Follow the directions for leaving messages as set forth by your dining center but continue to call until you can speak to a person.
- An employee must report to their manager if they are experiencing any of the following symptoms: vomiting, diarrhea, jaundice, a sore throat with fever or a lesion that is open or draining.
- If you become sick during work and must leave, notify the supervisor on duty before clocking out.

Uniform bottoms that are too tight, too loose, or have holes and/or slits in the material are not acceptable. Sweatpants are not acceptable. It is the manager’s discretion to determine if an article of clothing is too tight, too loose, poses a hazard to the employee or does not display a professional appearance.

It is the employees’ responsibility to provide the black slacks, black shoes (enclosed toes) and black socks.

EXPECTATIONS FOR YOUR APPEARANCE

DS reserves the right to monitor the acceptable appearance of employees. You may be asked to correct uniform problems. The following are policies for DS employees:
- Always use good personal hygiene; be neat and clean.
- All clothing must be clean and in good repair.
- Wear clean socks/hose and clean, comfortable shoes with closed toes and heels.
- Tie all shoelaces.
- Have clean hair and keep it covered with a designated DS ball cap or hairnet as required. Ball caps can be purchased on site. Hairnets are available to all employees at no charge. When wearing a ball cap, hair must be pulled back and restrained with a tie or pulled back through the opening in the ball cap. Your DS ball cap should only be worn at work, bill forward. You are responsible for keeping your ball cap clean at all times. Employees choosing to wear hairnets must keep all hair restrained.
- Unit managers will determine acceptability of facial hair, keeping in mind that professional appearance is the standard.
- Facial hair that is one (1) inch or less and is neat, clean and trimmed is permitted without a beard guard.
- Facial hair that is longer than one (1) inch and is neat, clean and trimmed must be covered with a beard guard.
- Keep your fingernails clean and in good repair. Fingernail polish and artificial nails are discouraged but, if you do have them you must always wear gloves when serving and preparing food.
- Loose or dangling jewelry is considered a safety/sanitation hazard. DS recommends following the Nebraska Food Code while working. (Nebraska Food Code 2-303.11 “Prohibition: Except for a plain ring such as a wedding band, while preparing food, food employees may not wear jewelry including medical information jewelry on their arms and hands.”) However, DS does allow most earrings (to be determined by your manager); a small chain necklace inside your top; and work-related pins. Accessories and jewelry should be conservative in nature, must conform to state and federal sanitation guidelines and should complement a business-like appearance.
- Always conduct yourself in a professional manner. People who feel good about themselves produce good results.

Individual operations may have special uniform requirements. Your manager will let you know of any further expectations. You are expected to be in uniform at your assigned station.

All uniform items provided by the department must be returned when you leave employment. If items are not returned or are mistreated, you may be held responsible.

SAFETY AND HEALTH

The health and safety of our customers and employees is very important. Major sources of food contamination and the spread of infectious disease occur from the nose, mouth and hands. Therefore, it is essential that all employees maintain high personal hygiene standards. You are a representative of DS. Our guests will determine the quality of our service by both cleanliness and professionalism.
- You must report to your manager if you are experiencing any of the following symptoms: flu-like symptoms, vomiting, diarrhea, jaundice, a sore throat with fever or a lesion that is open or draining.
- You must report to your manager if you have had, or have been exposed to, any of the following illnesses: Norovirus, Hepatitis A, Shigella, E-Coli or Salmonella. This action is to prevent the spread of disease and to comply with Nebraska health laws.
- You must always follow food safety guidelines.
- There must be no bare hands contact with ready-to-eat foods. A DS employee working with or serving a ready-to-eat food must have a second barrier between their hands and the food (i.e. tongs and non-latex gloves are required). All staff working in the kitchen must wear a hairnet or a DS ball cap.

Any DS employee absent from work because of illness may be required to submit a doctor’s statement verifying that the employee is free of communicable disease before he or she may return to work. Employees should follow these procedures:
- Report to your manager if you are experiencing any of the following symptoms: flu-like symptoms, vomiting, diarrhea, jaundice, a sore throat with fever or a lesion that is open or draining.
- Hands and arms must be thoroughly washed with soap and warm water before starting work, after handling soiled articles and after using the restroom. Please refer to the hand washing procedures outlined in the Food Handler’s Permit training.
- All blood and other bodily fluid spills should be
promptly reported to your supervisor. Blood spills require a special cleaning procedure. Do not attempt to clean up without checking first with your supervisor.

- Never wear your apron when going into the restroom.
- Do not cough, sneeze or clear your throat/nose near food or dishes. Use a tissue to cover your mouth and nose when necessary and wash your hands immediately after each use of the tissue.
- Keep hands and fingers away from your/other’s hair, face, nose and mouth where germs may be picked up and transmitted to food.
- Eat and drink only in the dining room or designated area.
- Nail polish (clear or color) and artificial/sculptured fingernails are permitted for food handlers only if gloves are worn. Gloves should be changed as often as you would wash your hands.
- Drinking during work time is allowed from beverage cups with lids and straws from the following areas:
  a. Employees will place their beverage cups on a shelf or rack in identified dining center work areas, designated by the dining center manager, that are close to hand sinks. Employees may drink beverages in that area during work and must wash their hands following having a drink.
  b. Employees may go to the dining room area and select a drink from one of their beverage dispensers, drink the beverage in the dining room and wash their hands before returning to work.
- Eating, drinking, chewing gum, chewing tobacco, and chewing toothpicks are NOT allowed during work per food health safety standards.
- The University has a Tobacco Free Campus Policy located at [https://bf.unl.edu/policies/tobacco-free-campus-policy](https://bf.unl.edu/policies/tobacco-free-campus-policy)
  a. To provide a healthy environment that promotes the wellness and safety of students, faculty, staff and visitors, the University of Nebraska (NU) and the University of Nebraska–Lincoln prohibit Smoking and the use of Tobacco Products in and on all University Property.

Smoking

Smoking means inhaling, exhalating, burning, or carrying any lighted or heated tobacco, plant (including marijuana), or synthetic products.

Tobacco Products

Tobacco products includes all forms of tobacco, inclusive of but not limited to cigarettes, cigars, pipes, water pipes (hookah), electronic cigarettes and similar devices, and smokeless tobacco products. It also includes any product intended to mimic tobacco products, contain tobacco flavoring, or deliver nicotine. FDA approved nicotine replacement therapy products, when used for the purpose of cessation, are not considered “Tobacco Products” under this policy.

University Property

University property means all buildings, structures, grounds, parking structures, parking lots, and vehicles (on or off campus) owned, leased, occupied, operated, maintained, or otherwise controlled by the University.

- You must wear a Band-Aid and a disposable glove over open cuts or sores. These need to be changed frequently (please refer to the hand washing policy).
- All infections, open cuts and sores must be reported to the employee’s supervisor.
- Good personal hygiene is expected.
- Always follow food safety guidelines.
- Walk (rather than run) in all work areas.
- Think safety and work carefully. Many accidents can be prevented.
- Report any unsafe conditions to your manager.
- Walk carefully and cautiously on wet floors.
- Sweep up broken china and glass immediately and dispose of it in the appropriate receptacle in the dish room.
- Never place a glass jar, knives or any sharp utensils in a sink. They should always be placed in a pan.
- Immediately report needed equipment maintenance repairs/adjustments to your supervisor rather than attempting to make repairs yourself or operating malfunctioning equipment.
- Keep your work area neat and orderly. Immediately cleanup spills, dropped food items and water on the floor.
- Shut off equipment before leaving the workstation.
- Turn off and disconnect all equipment before disassembling or cleaning.
- Clean and sanitize your area thoroughly before clocking out.
- Check with a supervisor concerning the correct use of chemicals.
- Use only proper utensils (feeder plate, plunger or paddles) to hold or feed food into slicers, mixers, choppers, disposals or grinders.
- Use hot pads or gloves when handling hot containers and utensils. Never use a wet rag to handle hot pans, etc.
- Keep clear access to all fire exits and fire-extinguishing equipment.
- In case of fire, pull the alarm and leave the building.
- Know where the fire and tornado exits are in your building.
- Use proper lifting techniques and carts whenever appropriate. Ask for help lifting items weighing 50 pounds or greater.

Your help is needed to maintain a safe work environment. Watch for unsafe conditions such as greasy or wet floors; be alert and cautious while using the equipment and be sure you thoroughly understand how to operate each piece before using it.

Report any on-the-job injury to your manager. The importance of completing the proper forms and making sure you receive proper treatment for an injury cannot be overemphasized. Failure to do so jeopardizes not only your personal health, but also your claim for disability and workers’ compensation.

Depending on the severity of an injury, the employee
may need to see a physician or be sent to the emergency room in an ambulance. University guidelines state that only an employee's manager should transport a university employee to a health care provider. If the injury is not of a serious nature, the injured employee should arrange for transportation from a friend or family member. If warranted by the nature of the injury, an ambulance should be summoned by calling 9-911. Tell the health care provider that the injury is work related and have the provider file the claim with Gallagher Bassett (the university's carrier for workmen's compensation). For your safety, you must furnish your manager with the required doctor's release before you return to work.

Any DS employee absent from work because of illness may be required to submit a doctor's statement verifying that the employee is free of communicable disease before he or she may return to work. Employees should follow these procedures:

Meetings and training on safety and sanitation are held regularly in your unit. Following the safety rules and regulations listed protects you, our customers and your fellow workers.

- Be friendly but no excessive socializing.
- Appropriate language is expected.
